

SELECTOR

Selector's online assessments provide in-depth behavioral profiles to help you find the perfect fit for your roles, teams, and company culture. It goes beyond qualifications, revealing a candidate's personality, motivations, and how they handle pressure.

Find the Right Candidate

Selector is a user-friendly online tool that combines the accessibility of the internet with robust psychometric assessments. It delivers cost-effective behavioral profiles directly to your computer, streamlining your hiring process.

Clear Decision Making

Selector adds a new dimension to your candidate evaluation. It provides insights beyond qualifications, revealing a candidate's character and ideal work environment. Easy-to-understand reports with clear interpretations empower hiring managers at all levels to make informed decisions.

Using Selector assessment tools as part of your recruitment process helps you hire the best candidates and identify the best way to keep great staff.
